Summary

Over the past several years, I have dedicated myself to learning various programming languages, including HTML, CSS, and JavaScript. I have also gained experience with various front-end frameworks such as React and Vue My passion for front-end development is driven by my love for building beautiful, user-friendly interfaces. I have always been fascinated by the way websites and web applications work, and I am constantly striving to improve my skills and knowledge in this field. Throughout my self-learning journey, I have developed a strong work ethic, attention to detail, and the ability to work independently to achieve my goals.
